

# WeR@Home - Technical Note

## Dynalock V3

Step by Step Guide to setting up your Dynalock V3 to your WeR@Home System

**Step 1:** Download the Danalock App

For iPhone: [Click Here](#)

For Android: [Click Here](#)

**Step 2:** Remove back of Dynalock V.3 and insert 4 CR123A Batteries

**Step 3:** Sign in to Danalock App and make an account

**Step 4:** Select menu at the bottom left of the screen and add a new device. Here you will be prompted with steps to install.

**Step 5:** Once it has been installed, apply any settings you might like... (it is worth taking the time)

**Step 6:** Follow instructions set out by "[Globe Smartlife tutorials](#)" to install to WeR@Home.

**Note:** To dismount the Danalock from your door, insert a pen tip into the hole at the top inner edge of the lock. Press while turning the lock counter clockwise until the lock releases.

Dismounting will not reset the lock or disconnect it from your account, but the lock may need to be re-calibrated when reinstalled.
